CAREER OBJECTIVE

I am a Web Developer with a fast-learning ability and seeking a challenging career to utilize my skills. With a good understanding of building modern dynamic websites and a love for React, ready to give my best to any aspiring.

SKILLS

Comfortable: React | JavaScript | ES6 | CSS | Tailwind CSS | Bootstrap
Framer Motion | NodeJS | ExpressJS | MongoDB
Stripe | Firebase | Netlify | Heroku

Familiar: React Native | NextJS | TypeScript
Mongoose | Socket.io

Tools: Git | VS Code | Figma
Chrome DevTools | React Developer Tools

PROJECT

❖ **Parts & Co.**   **Live Link | GitHub**
A Manufacturer website about phone parts using ReactJS, Tailwind CSS, Node, MongoDB and Heroku where |-

- You will get your needed phone parts easily here, and you can easily sell your product here as an admin.

- As a user you find in DASHBOARD so many options, Your Profile, Your orders, Your Review, Add Review. As an Admin in DASHBOARD, you will see other options like All Users, Manage Orders, Add Product and Manage Products.

- This is a react application, I use for frontend React, React Router, React Countup, React Icon, React Query, React Toastify, Axios, Tailwind, Tailwind Element, MDB, DaisyUI, and for backend MongoDB, ExpressJS, CORS, DotEnv, JSON Web Token, Nodemon, for international payment getway I use Stripe, for server deploy I use Heroku, and for user authentication and deploy live site I use Firebase.

❖ **Fashion Flavor**   **Live Link | GitHub**
A warehouse website about Suit and a few other Clothes and Shoes using ReactJS, Tailwind CSS, Node and MongoDB and Heroku where |-

- you can manage your all products and you can easily add your products to sell.

- To create and handle this website there are so many technologies used like React, CSS, Tailwind, Tailwind Elements, MDB, react-router, React Toastify, React Icon, firebase, firebase hooks, Node.js, MongoDB, Heroku, Axios, etc.

STRENGTH

- **Error solving ability |**
- **Good Communication skills |**
- **Learning Mentality with new technology |** anything I can learn quickly.

EDUCATION

Studying in Computer Science Engineering   2022 - Present   Shyamoli Ideal Polytechnic Institute
